## Something More Than Medicine™

### Merciful Medicine

Medicine is an act of mercy, a way that God enacts His healing in the world. Merciful Medicine respects the dignity of the human person at all stages of life.

### Christ-Centered Relationships

Christ is the ultimate healer and the center of all our relationships. We honor the whole person: body, mind, and spirit.

### Scriptural Justice

God calls us to care for those in need, whether physical, emotional, spiritual, or financial.
