

Support a Mom

A unique way to connect your church to the story of a pregnant woman in need and ensure she receives pro-life healthcare.

When your church supports a pregnant mom, you are making sure she receives quality healthcare from the faith-filled healthcare providers at Tepeyac OB/GYN. For the Support a Mom program, we ask your church to commit to providing \$7,500 of financial support.

In return, the mom will share her name, a picture of her ultrasound, her baby's gender, her due date, and her baby's picture so you can follow her pregnancy all the way!

Churches will usually announce the program and ask for support during the Sunday service. Divine Mercy Care will provide sealable envelopes for this collection.

Over the approximately 270 days of pregnancy, \$7,500 of support breaks down to about \$25 per day, \$195 per week, or \$780 per month.

For example, only 104 donors could easily reach what we need:

82 members to give \$25 = \$2,050

20 members to give \$195 = \$3,900

2 members giving \$780 = \$1,560

This would provide just over the total of \$7,500 needed to support a mom!

Aslan's Army

Church Education and Outreach

Join **Aslan's Army**

We call our church partnership program “Aslan’s Army” after those who fight for the Christ figure in C.S. Lewis’ *Narnia* series. It’s a way to honor dedicated believers and churches committed to fighting for justice in service to Christ.

Each “Aslan’s Army” church can help Divine Mercy Care (the educational and fundraising entity) and Tepeyac Family Center (the OB/GYN medical practice) in one or more of the following ways:

Educate the Church to explain the unique qualities of pro-life medicine and the larger work of Divine Mercy Care – helping doctors be more pro-life, and the pro-life movement be more medical.

- Publish an article about Tepeyac/DMC in your weekly church bulletin or website.
- Host a talk on a pro-life or medical topic such as healing, true women’s health, whole person medicine, infertility, parenting etc.

Recruit Tepeyac Patients from your church members. Invite them to come to Tepeyac Family Center for all their OB/GYN needs.

- Display our brochures.
- Make sure priests and pastors refer women of all ages to us for Christ-centered medical care.
- Invite us to speak at young adults, marriage prep, marriage, and parenting events and classes.
- Talk after a service or Mass to share your own story of pro-life medicine.

Find Supporters who are passionate about pro-life healthcare and helping moms in need.

- Coordinate a second collection or tithe for Divine Mercy Care.
- Throw a baby shower or baby supplies drive to collect items for our moms in need.
- Support our Annual Gala with church sponsorship packages that include up to 24 Gala tickets, or advertise the event to your church.
- Throw a fundraising event at your church or a local restaurant and donate proceeds to DMC.
- Host small dinner parties where Divine Mercy Care and Tepeyac staff can speak and introduce our ministries.
- Sign up to “Support a Mom” through our special church giving program (more info on reverse side).

Become a Captain in Aslan’s Army

We are looking for volunteers to become direct liaisons between their local church and Divine Mercy Care. The volunteers can be independent or part of an existing pro-life or social justice group or ministry. We depend on these volunteer captains to lead others in their church in the battle to defend life!

Contact us for more information.
